OUR NEWSLETTERS are best viewed at [palmbeach.abateflorida.com](http://palmbeach.abateflorida.com) as most timely (by the first of month), in full color, and with active Internet links to stories, etc., of interest. And for us with older eyes, can be zoomed in without magnifying glasses. We do need our advertisers, donations and more members to be able print and distribute more copies to the county for motorcyclists to be aware of the issues facing us. So please join in and let us know of good places to put them in. Issues can be mailed to members if no Internet access. Non-members can buy a subscription for \$20 a year but the other two methods are faster as it takes more time and cost to get mailings done.

Thank you for all the support of ABATE of Florida, Inc. and the Palm Beach Chapter.

## **ABATE of Florida, Inc. Mission Statement**

### **WHO WE ARE**

We are a non-profit organization of motorcycle enthusiasts from all walks of life. We lobby and educate the government and the general public to promote motorcycling in a safe and positive image. We endeavor to enlist the cooperation and participation of all organizations and individuals that share a similar interest in preserving our American tradition of FREEDOM. We promote motorcycle safety, training, & political awareness. We ARE NOT A CLUB NOR A GANG. We fund our work through events, toy runs, poker runs, campouts, and other motorcycle activities. We are your neighbors & friends who work, pay taxes, and get involved with our community. We serve and support our country and believe in freedom. We use all legal means to protect our rights without infringing on the rights of others. We are Pro-choice NOT anti-helmet, it is up to you to decide.

### **OUR GOALS**

To become a powerful and viable political force in legislative matters concerning the motorcyclist.  
To promote the safe riding habits without infringing on individual freedoms.  
To motivate the bikers to write letters to legislators before, during, and after the legislative session.  
To furnish a newsletter to keep all bikers informed in regards to upcoming legislation.

### **MEMBERSHIP**

When you become a member of ABATE OF FLORIDA, INC. you are helping make a difference in the ongoing mission to protect your right to ride and enjoy the motorcycle of your choice, your choice of riding apparel, and when and where you can ride a motorcycle. These are issues that are real and present in today's "protect yourself from yourself" political environment. This holds true for all levels of government. There will always be those who see our love for motorcycling as a negative and will try any means to control and if possible prohibit motorcycle use.

On the local level our members get out to vote and support candidates who are sympathetic to our issues. We also will endeavor to lobby local governments whenever there are issues that need to be addressed, affecting local motorcycle use, ownership, and any discrimination that may result from said use of ownership.

At the state level we have a paid registered lobbyist who regularly visits our state capital in Tallahassee to lobby our legislators on the issues concerning the motorcycling public in Florida. He also finds reliable House and Senate sponsors for the bills we support. On the national level we are aligned with Motorcycle Riders Foundations (MRF), and the National Coalition of Motorcyclists (NCOM), along with several other international motorcycle rights organizations (MRO's).

As one can see we have our ear to the ground and our resolve tempered like steel. As Americans we have had it demonstrated to us time and again the vigilance is armor of free men and women. We shall not let the armor rust or weaken. With your support we can reenforce and strengthen the armor for now and generations to come.

**What else do you get with your membership?** All members receive with their paid membership, the Membership Card, Event Discounts and Updates, Voting Privileges, Free Newsletter Classified Advertisements, a Chapter Newsletter, and a free \$4,000 Accidental Death or Dismemberment Insurance Policy from the American Income Life Insurance Company.

Memberships are open to anyone 18 years of age or older, no matter what type of motorcycle you ride, if any at all! We welcome all riders—in clubs, associations, independents, and sport riders to join us.

## **BIKERS INSIDE THE BELTWAY 2025**

*May 21, 2025 - Washington, DC*

This week, bikers from across the nation descended on Capitol Hill. The 2025 Motorcycle Riders Foundation's (MRF) Bikers Inside the Beltway was the largest in the 16-year history of the event! Motorcyclists from 32 states made the trip to Washington, D.C., to advocate for issues that matter to the street rider.

The list of policy concerns was long! Issues include: The Right to Repair, Preserving the Internal Combustion Engine (ICE), Profiling of Bikers, Autonomous Vehicles, Ethanol Mandates and the Definition of a Motorcycle.

All 435 members of the House of Representatives and 100 Senators received an informational packet from the MRF for the third consecutive year. The packet explains who we are, what we've done, and what we want. From Alabama to Wyoming and all the states in between, the MRF knocked on doors and shared our legislative priorities.

The 200+ bikers who came to Washington, D.C., represented a diverse set of groups. State Motorcyclist Rights Organizations (SMRO), National Coalition of Motorcyclists (NCOM), Sustaining Clubs and the National Council of Clubs (NCOCC) were all represented as part of the MRF event.

Showing up matters. While it is important that lawmakers hear from us, it is also important they see us. Every year, a buzz occurs on Capitol Hill when hundreds of bikers roam the halls of Congress. The visual of so many motorcyclists united for a common cause is a powerful part of the annual event.

While bikers were meeting with Senate Majority Leader John Thune of South Dakota, he shared news regarding a key legislative priority for the MRF, Preserving the Internal Combustion Engine. That day, Leader Thune would announce, on the floor of the U.S. Senate, his intention to hold a vote on the repeal of waivers granted to the State of California, which allow the state to set their own emissions standards and mandate that nearly 2/3 of all new vehicles sold in the state be electric by the next decade.

The MRF is committed to being your voice in Washington, D.C. We have had a presence in town since 1986 and we are not going anywhere! We are and will remain, the voice of the street rider in our nation's capital.

Thank you to all the motorcyclists who made the journey to D.C. It is never too early to start

planning for the next installment of Bikers Inside the Beltway in May 2026.

Did you miss the event in D.C.? You can still help reach Congress by responding to our calls to action using the QR code on this page

All MRF Calls to Action

## H. J. RES. 88 PASSES ON TO PRESIDENT

May 22, 2025 - Washington, DC

Today, the U.S. Senate passed by a vote of 51 to 44, H.J. Res 88, a resolution that would overrule the Environmental Protection Agency’s rule allowing California to effectively mandate the sale of electric vehicles over the next decade. This plan by California threatens not only the Internal Combustion Engine (ICE) in California but also the entire country, as several other states have tied their rules to those implemented in Sacramento.

You may remember that earlier in the month, the Motorcycle Riders Foundation (MRF) put

out a call to action urging the U.S. Senate to vote on this resolution as the House of Representatives had passed it in April.

A vote today and two other planned votes on similar Californian proposals are major victories in the defense of ICE. Protecting ICE is a key part of the MRF's 2025 legislative agenda and we are pleased with the actions taken today in the U.S. Senate. This victory, coming the same week as hundreds of bikers met with lawmakers on this same topic, is a sign that we are being seen and heard in Washington, D.C.

Thank you to lawmakers for understanding the need to provide consumers a choice in the type of engine they buy and to all the bikers who spoke up in defense of the Internal Combustion Engine.

## **CARS ACT IN THE SENATE**

### **(CHOICE IN AUTOMOBILE RETAIL SALES ACT)**

Earlier this year, Senator Mike Crapo of Idaho introduced the Choice in Automobile Retail Sales Act (CARS Act). This bill is similar to legislation that Congressman Tim Walberg introduced in the U.S. House of Representatives.

The focus of the bill is the protection of the internal combustion engine. It does this in two ways. First, the bill prohibits the use of authority under the Clean Air Act to issue regulations that mandate the use of any specific technology or regulations that limit the availability of new motor vehicles based on that vehicle's engine type. Second, the legislation requires the Environmental Protection Agency (EPA) to update any regulations that result in the limited availability of new vehicles based on that vehicle's engine.

The legislation would overturn a 2024 EPA rule, which currently would result in about 56% of new vehicles sold between 2030 and 2032 having to be electric.

Currently, the bill has 23 Senate cosponsors, but we need to improve that number! If you want to save the internal combustion engine, ask your Senator to cosponsor S. 995.

# DEFINITION OF A MOTORCYCLE

Last week, Congressman Derrick Van Orden of Wisconsin introduced a bill that directs the Secretary of Transportation to update the nearly 60-year-old federal definition of a motorcycle. In recent years, a new type of vehicle has entered our roadways, commonly referred to as an autocycle. These autocycles are classified as motorcycles at the federal level but have little resemblance to a motorcycle and the operational characteristics are vastly different.

The Motorcycle Riders Foundation believes this ambiguity about autocycles has created an unnecessary patchwork of rules and regulations regarding licensing, insurance, safety statistics, registration and training courses from state-to-state.

Updating the definition of a motorcycle has been on the MRF’s legislative agenda for several years. We are grateful that Rep. Van Orden has taken the first step to address this concern. H.R. 3385 will bring the federal definition of a motorcycle into the 21st century. Use the QR code to encourage your representative to support this bill. Full text of the bill follows

## **H. R. 3385**

May 14, 2025

To direct the Secretary of Transportation to issue certain regulations to update the definition of motorcycle, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

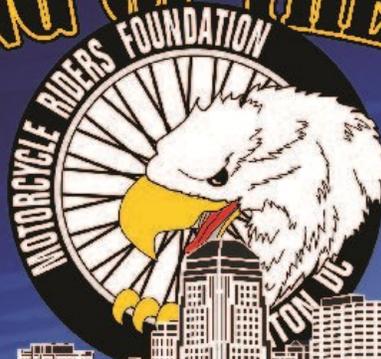

### **SECTION 1. MOTORCYCLE DEFINITION.**

(a) IN GENERAL.—Not later than 120 days after the date of enactment of this Act, the Secretary of Transportation shall issue such regulations as are necessary to amend the definition of the term “motorcycle” in section 8 571.3 of title 49, Code of Federal Regulations, to match the definition in this section.

(b) MOTOR CYCLE DEFINED.—In this section, the term “motorcycle” means a motor vehicle, as was originally manufactured, with motive power, having a seat or saddle requiring the rider to sit astride, designed to travel on not more than three wheels in contact with the ground, steering controlled by handlebars, acceleration and braking controlled by handlebar and foot controls and capable of reaching speeds in excess of 30 mph.
